

CITEL

SPT-203

- 7-inch TFT display with touch-screen
- Compatible with all CITEL ranges and other brand products
- Testing the MOV, GDT and TVS components
- Automatically test and judge CITEL pluggable Surge Protectors
- Auto test mode and manual test mode
- Automatically save test data
- Database management
- Portable and convenient

Electrical Characteristics

Power	230 V
Leakage current measurement error	+/- 5 %
MOV measurement : 1mA voltage range	1 to 2000 V
MOV measurement : Leakage current range	0 µA to 120 µA
GDT measurement : DC spark voltage range	1 to 2000 V
TVS measurement : Voltage range	0 to 500 V

Mechanical Characteristics

Accessory(s) provided	<ul style="list-style-type: none"> • Protective case • Stylus
Operating and storage temperature	20°C / 50°C
Dimensions	See diagram

Part number

790201
